ABOUT

Stockton

Established during California’s Gold Rush era, the city of Stockton has grown to be the most racially and ethnically diverse large city in the U.S. (U.S. News & World Report, 2020). Nestled in the heart of the California Delta, Stockton serves as an inland port for the Central Valley and is a lush landscape for farming and agriculture. University of the Pacific, originally established in 1851, moved to its current ivy-covered brick location in 1923. Located in heart of the city, the iconic Burns Tower serves as a beacon to find your way back to campus.

Local Neighborhood

The campus resides in a historic residential neighborhood filled with an eclectic array of

architecture. Just a short walk from campus is the vibrant Miracle Mile, a district filled with locally owned restaurants, pubs, shopping and entertainment.

The Stockton Campus

Repeatedly named one of the most beautiful campuses in the U.S., Pacific’s Stockton campus features a conservatory concert hall, movie theater, Starbucks, state-of-the-art fitness center and pool, and The Cube, a technology focused collaborative space.
